Subject: Capx2020 power transmission line

Ms Strength,

This email is in reference to the CAPX2020 power line proposed to run through our area. We live in Rice Co. at the Sky harbor airpark (airport) near Webster, MN. There is a proposed alternate route to run this huge transmission line very near the airport which is a serious hazard to aircraft landing and taking off at the airport. Please help to keep this transmission line from becoming a hazard to pilots using the airport.

Charles & Delrae Weerts
